The Loan Guarantee Program Office (LGPO) would like to remind prospective applicants to DE-FOA-0000140, "Federal Loan Guarantees for Projects That Employ Innovative Energy Efficiency, Renewable Energy, and Advanced Transmissions and Distribution Technologies" that in addition to submitting their application through FedConnect they are also asked to submit electronic versions of their Part I and Part II submission on a compact disc or USB stick to the LGPO.

To verify that all the materials submitted through FedConnect are received we also ask that applicants include an index of the materials submitted through the site. This will enable the LGPO to ensure all the necessary materials that the applicant intended to submit are received and reviewed.
